

EXTRACURRICULAR-ELIGIBILITY

High School

In order to be eligible in grades 9-12, a student must be currently enrolled and must have been enrolled in school the immediately preceding grading period. During the preceding grading period, the student must have received a minimum of a 1.5 GPA and pass a minimum of five (5) one-credit courses or the equivalent, which count toward graduation.

Passing grades must have been received in a minimum of five one-credit courses, or the equivalent, in the immediately preceding grading period. To determine credit equivalency, multiply full-year courses by a factor of 1; semester courses by a factor of 2.
